

4. The Twelve Dancing Princesses

There was a king who had twelve beautiful daughters. They slept in twelve beds all in one room; and when they went to bed, the doors were shut and locked up; but every morning their shoes were found to be quite worn through as if they had been danced in all night; and yet nobody could find out how it happened, or where they had been.

Then the king made it known to all the land, that if any person could discover the secret, and find out where it was that the princesses danced in the night, he should have the one he liked best for his wife, and should be king after his death; but whoever tried and did not succeed, after three days and nights, should be put to death.

5. The Challenges of Social Media

Social media has been blamed for promoting social ills such as:

Cyber bullying: Teenagers have a need to fit in, to be popular and to outdo others. This process was challenging long before the advent of social media. Add Facebook, Twitter, Snap chat, and Instagram into the mix and you suddenly have teenagers being subjected feeling pressure to grow up too fast in an online world. Teenagers can misuse social media platforms to spread rumors, share videos aimed at destroying reputations and to blackmail others.
